

PARTNER LIAISON - EAST OF ENGLAND JOB ADVERT

Seeking enthusiastic and dedicated staff to pioneer new [Green Pastures' Partnerships](#) in the East of England.

If you want to see change in our nation for the Kingdom of God through the homeless being housed and their lives being restored this could be the job for you!

Our goal

Green Pastures exists to equip and release the church to end homelessness in the UK, and we won't stop until that goal is achieved. We have 20 years of experience, £32 million in investment, 70+ partners and more than 1100 people currently housed.

But, it's not all about the numbers. We make a practical and impactful difference in the lives of those we house. We want to see lives transformed as residents find a relationship with Jesus. What are we missing? You.

What we can offer you:

1. The opportunity to work with a wide range of Churches and Charities
2. The freedom to take initiative in suggesting and growing new projects
3. The privilege of caring for current partners as they house the homeless
4. The excitement of pioneering the way as you inspire new partners to come on board
5. The thrill of being part of a growing organisation
6. The chance to play a key role in ending homelessness in the UK

Find out more

Request our [Partner Liaison Application Pack here](#). Apply by 16th October 2020 - **early applications will be considered on 1st October**. On completion of this form you will receive the job specification, job description & application form. If you have any questions please email them to jobs@greenpastures.net.
